INTRODUCTION

On rare occasions, it may be necessary to close a school(s) due to weather or other emergency situations. If this occurs, the district will make every effort to ensure that our students’ educational opportunities continue while at home. Throughout the years, the district has compiled a comprehensive collection of online content and digital resources. The district also provides mobile devices for students to check out for home use to ensure that district students (non-charter) can continue their learning without interruption. While this instructional plan has been created for M-DCPS district schools, charter schools may opt to follow the plan if they have necessary mobile technology and software tools. Charter schools are not bound by this plan, and they may implement emergency plans that best suit their specific needs. Parents of charter school students should contact their children’s schools for information about device availability and more.

The Instructional Continuity Plan (ICP) has three components: Content Delivery, Mobile Devices, and Internet Access. Content Delivery explains which resources students will use for core instruction and which materials can be used as supplemental resources to enhance core instruction. Mobile Devices provides the steps the district is taking to ensure that any district student (non-charter) who needs a mobile device to access the instructional resources will be provided with one, upon request, for the duration of the schools’ closure. Internet Access poses the greatest challenge to ensuring that M-DCPS students can continue their studies while at home. The district has taken steps throughout the years to assist district students (non-charter) in getting access to the internet at home through projects such as The 1Million Project; however, partnerships with service providers is crucial to providing free or reduced-cost internet service to students should the district close in case of emergency situations.

The district has developed a website with information for parents and students about this plan. The website is located at http://icp.dadeschools.net.

This document contains a planning checklist that schools should review in preparation for and in the event of schools closing. The ICP Planning Checklist details the steps administrators should implement immediately and upon receiving notification of school closures.
1. Instructional Plan Overview

**CONTENT DELIVERY**
- Students will have access to digital materials and instructional activities to remain engaged in learning during the time schools may remain closed.
- Digital resources will be designated as “Core Materials” or “Supplemental Materials.” Core Materials will be used as the main instructional programs for all students in the designated grade levels and “Supplemental Materials” will be available for enhancement/enrichment activities, conducting research or recreational reading.

**MOBILE DEVICES**
- District students (non charter) in grades K-12 will be surveyed to determine if they have a need for a mobile device at home to access instructional activities.
- Schools will check out mobile devices to those students or parents who have indicated they need a mobile device for use at home.
- Administrators will survey teachers to determine if any teacher needs a mobile device to work from home.
- Schools will use their current inventory of mobile devices, including devices in carts, to check out to students.
- Mobile devices must be checked out using the Asset Tracking Management System.

**INTERNET ACCESS**
- To date, the District has distributed over 11,000 phones, through the 1Million Project, to district high school students (non charter) who can use them as hotspots to access digital resources.
- The District has secured an additional 200 phones to distribute, if necessary.
- The District is investigating partnerships with service providers to provide internet access to students while schools are closed.

**STUDENT**

- i-Ready *(Reading and Mathematics)*
  - Log into i-Ready through Student Portal
  - Complete 45 minutes of instruction in reading and also in mathematics

- Unique Learning System
  - Visit [www.n2y.com](http://www.n2y.com)
  - Go to Appendix E for additional log on information
  - Complete at least one lesson per day

* Students may be assigned other assignments by teacher.

**TEACHER**

- i-Ready *(Reading and Mathematics)*
  - Log into i-Ready through Employee Portal
  - Assign lessons to students who do not have i-Ready learning path
  - Monitor daily student usage and lesson performance (lesson pass rate should be 70% or higher)
  - Turn on “domains” for those students who have failed lessons and have been locked out

- Unique Learning System
  - Visit [www.n2y.com](http://www.n2y.com)
  - Go to Appendix E for additional log on information
  - Monitor lesson completion

** Teachers may elect to direct their students to complete other course specific assignments identified in Appendix E. A copy of Appendix E should be sent home for parents via backpack.

### SECONDARY (6-12)

**STUDENT**

- i-Ready *(Reading and Mathematics)*
  - Log into i-Ready through Student Portal
  - Complete 45 minutes of instruction in reading and also in mathematics

- Unique Learning System
  - Visit [www.n2y.com](http://www.n2y.com)
  - Go to Appendix F for additional log on information
  - Complete at least one lesson per day

* Students may be assigned other assignments by teacher.

**TEACHER**

- i-Ready *(Reading and Mathematics)*
  - For i-Ready, teachers should assign lessons to students who do not have i-Ready learning paths
  - Monitor daily student usage and lesson performance (lesson pass rate should be 70% or higher)

- Unique Learning System
  - Visit [www.n2y.com](http://www.n2y.com)
  - Go to Appendix F for additional log on information
  - Monitor lesson completion

** Teachers may elect to direct their students to complete other course specific assignments identified in Appendix F. A copy of Appendix F should be sent home for parents via backpack.

**NOTE:** Instructional activities represented on this page reflect core subject areas only. Instruction should not be limited to core content only. Supplemental materials can be used for enhancement, enrichment, or intervention activities. Students should limit the amount of time they spend at the computer without a break. Every 20 minutes, students should get up from the computer.
6. Mobile Devices: Distribution

Parent/Student Survey

Conduct survey to determine technology needs.

- All parents of district students (non charters) will receive a letter about the availability of mobile devices for checkout. (See Appendix B)
- Letter will reference the “Agreement for Student Use of Mobile Device Computer” and parents will be asked to sign an acknowledgment form indicating whether they allow their child to receive a mobile device. (See Appendix C)
- Letter will request that parents also complete an online survey about technology needs.
- Students in grades K-12 will be asked to complete the same survey in school indicating whether they have a need for a mobile device at home to access instructional activities. (See Appendix D)
- Upon receipt of the acknowledgement letter, schools will check out mobile devices to those students whose parents responded “Yes.”
- Students (and parents) who receive a mobile device during the school closure are bound by the terms outlined in the “Agreement for Student Use of Mobile Device Computer.”

Redistribution of Devices

Redistribute devices to schools as needed.

- Survey data will be analyzed and cross-referenced with mobile device inventories at schools to determine device needs at schools.
- Schools will be contacted by the Instructional Technology Department, if survey data indicates a need for more devices than the school has in its inventory.
- Instructional Technology will partner with ITS to reallocate and distribute devices as needed.
- A unique email address has been set up for school administrators to request additional mobile devices. The email address is Device_request@dadeschools.net.

Check Out Mobile Devices

Establish protocol for checking out devices.

- Schools will check out mobile devices to those district students (non charter) who have indicated they need a mobile device for use at home and who turned in the signed parent letter.
- Teachers who need a mobile device to work from home should check one out from the school.
- Schools will use their current inventory of mobile devices, including devices in carts, to check out to students.
- Mobile devices must be checked out using the Asset Tracking Management System.
The district will continue its efforts to implement strategies to support district students (non charter) without internet access at home. Below are the district’s current options to ensure students have internet access at home to continue their work and education without interruption.

**HOTSPOTS**
- Distributed over 11,000 hotspots/smartphones to high school students.
- Additional 200+ hotspots/smartphones are available for distribution to high school students.
- To request additional hotspots/smartphones, schools should follow the established procedures for requesting the phones.

**PARTNERSHIPS**
- Team up with local service providers to open their networks and provide free internet.
8. ICP Planning Checklist

### Implement Immediately

- Share the ICP plan with teachers
- Distribute the *Letter to Parents-Mobile Device Survey* (Appendix B) and *Acknowledgement Letter – Mobile Devices* (Appendix C) (See Weekly Briefing #27169)
- Administer student online survey. The survey will be posted on the main dadeschools.net page at [http://dadeschools.net/](http://dadeschools.net/).
- Collect and keep mobile device acknowledgement form (Appendix C)
- Survey teachers to determine if any teacher needs a mobile device to work from home
- Develop a device distribution plan (keep in mind that this may occur after schools are closed)
- Ensure that teachers know how to login to Gizmos and assign lessons (elementary)*
- Ensure that teachers know how to login to iReady to monitor student progress (elementary)*
- Ensure that teachers know how to use Edgenuity to monitor student progress (secondary)*
- Ensure that Retake teachers know how to link students’ scores to Khan Academy (11th and 12th grade Retakers courses); refer to Weekly Briefing #26624 or access the link [How to Link PPT.pptx](http://dadeschools.net/) for instructions on linking student accounts to Khan Academy.
- Develop a contingency plan for providing mobile devices to those students or parents who were not provided a device prior to school closing

### Implement Upon Receiving Notification of Closure

- Distribute devices to district students (non charter) who requested them and who returned the signed Acknowledgement Letter (Appendix C)
- Direct students, parents and staff to [http://icp.dadeschools.net](http://icp.dadeschools.net)
- Teachers should inform students of their online learning assignments and digital resources that are available to them during the school closure.
- ESE teachers should distribute the *List of Supplemental Resources for Parents of Elementary Students - Modified Curriculum* (Appendix E) and the *List of Supplemental Resources for Parents of Secondary Students - Modified Curriculum* (Appendix F) to students.

### After Closures

- Implement contingency plan to distribute devices to those students or parents who were not provide devices prior to school closing

### Upon Return from Closures

- Collect the mobile devices that were provided from other schools for the duration of the closures and store in a secure location
- Contact Instructional Technology to arrange for devices to be picked up

*A link to register for webinars is in the Employee Portal*

APPENDIX B: LETTERS TO PARENTS – MOBILE DEVICE SURVEY

LETTER TO PARENTS – MOBILE DEVICE SURVEY

(Letter to Parents is available in English, Spanish, and Haitian Creole.)
Dear Parent/Guardian:

As part of its emergency preparedness efforts, Miami-Dade County Public Schools is ready for the rare occasion when it may be necessary to close a school(s) due to weather or other emergency situations. If this occurs, the district will make every effort to ensure that your child’s educational opportunities continue uninterrupted while at home. If schools should close, the district has a comprehensive collection of online content and digital resources that your child can access. However, we realize that some students may not have access at home to a personal or district issued device (computer, laptop, or tablet); therefore, part of the district’s planning efforts is to determine how many of our students need technology at home in order for instruction to continue.

At this time, the district will be conducting a survey to help identify those students who may need technology at home. The survey will be posted on the main dadeschools page located at http://www.dadeschools.net/ and on the Students, Parents, Employees, and Community pages. Please complete the survey for your child. The survey will also be administered to all K-12 students district-wide on Friday, March 13, 2020. Prior to your child completing the survey, we need you to review the “Agreement for Student Use of Mobile Device Computer” located at http://digital.dadeschools.net/contracts.asp and then sign the accompanying acknowledgement page, indicating your preference regarding your child checking out a mobile device. Students will be asked to turn in the signed acknowledgement page prior to completing the survey.

Students will be provided with a mobile device only if the parents return the signed form indicating that preference regardless of survey response. The survey response is important in that it will help the district identify the number of devices needed for checkout at each school. If your child receives a district-issued mobile device, he/she must follow the district guidelines and polices outlined in the mobile device agreement.

Please send the signed acknowledgement page back to school no later than Friday, March 13, 2020.

Sincerely,

Principal
Estimados Padres de Familia/Tutores:

Como parte de sus esfuerzos de preparación para emergencias, las Escuelas Públicas del Condado Miami-Dade están listas para la rara ocasión en que pueda ser necesario cerrar una(s) escuela(s) debido al mal tiempo u otras situaciones de emergencia. Si esto sucediera, el distrito hará todo lo posible para asegurar que las oportunidades educacionales de sus hijos continúen sin interrupciones mientras que estén en sus hogares. Si las escuelas cierran, el distrito tiene una colección amplia de contenido en línea y recursos digitales a los cuales sus hijos pueden acceder. Sin embargo, sabemos que algunos estudiantes pueden no tener acceso en sus hogares a un dispositivo personal o suministrado por el distrito (computadora, computadora portátil o tableta); por lo tanto, parte de los esfuerzos de planificación del distrito es determinar cuántos de nuestros estudiantes necesitan dispositivos tecnológicos en el hogar para que la instrucción continúe.

Es por esta razón que el distrito llevará a cabo una encuesta para ayudar a identificar a aquellos estudiantes que puedan necesitar dispositivos tecnológicos en el hogar. La encuesta se publicará en la página principal de dadeschools en http://www.dadeschools.net/ y en las páginas para los estudiantes, padres de familia, empleados y comunidad (Students, Parents, Employees, Community). Por favor, llene la encuesta de sus hijos. La encuesta también se administrará a todos los estudiantes de Kindergarten al 12º grado en todo el distrito, el viernes, 13 de marzo del 2020. Antes de completar la encuesta de sus hijos, necesitamos que revise el “Acuerdo Sobre Uso Estudiantil de Dispositivo Móvil (Computadora)” que se encuentra en http://digital.dadeschools.net/contracts.asp y luego firme la página de aceptación que acompaña la presente carta, que indica su preferencia con respecto a que sus hijos reciban o no un dispositivo móvil del distrito. Se les pedirá a los estudiantes que entreguen la página de aceptación firmada antes de llenar la encuesta.

Los estudiantes recibirán un dispositivo móvil solamente si los padres de familia devuelven el formulario firmado que indica esa preferencia independientemente de la respuesta a la encuesta. La respuesta a la encuesta es importante porque ayudará al distrito a identificar la cantidad de dispositivos necesarios para que sean prestados en cada escuela. Si sus hijos reciben un dispositivo móvil emitido por el distrito, deben seguir las reglas y políticas del distrito descritas en el acuerdo del dispositivo móvil.

Envíe la página de reconocimiento firmada a la escuela, a más tardar el viernes, 13 de marzo del 2020.

Atentamente,

Director(a)
Chè Paran/Gadyen:

Kòm yon pati nan efò pou nou prepare an ka yon ijans, Lekòl Leta Miami-Dade County pare pou lè yon okazyon ta rive kote li nesesè pou fèmen yon lekòl (yo) akoz move tan oubyen pou lòt sitiyasyon ijans. Si sa ta rive, distri a ap fè tout efò l pou asire opòtinite edikasyonèl pitit ou kontinye san enteripsyon pandan yo lakay. Si lekòl yo ta dwe fèmen, distri a gen yon gwo koleksyon kontni sou Entènèt ak resous dijital pitit ou a ka jwenn. Sepandan, nou reyalize kèk elèv ka pa gen aksè pou yon aparèy (òdinatè, laptop, oubyen tablèt) pèsonèl oubyen youn distri a bay lakay yo; konsa, yon pati nan efò planifikasyon distri a se pou detèmine konbyen nan elèv nou yo ki bezwen teknoloji lakay pou enstriksyon yo ka kontinye.

Nou ap bay elèv yo yon aparèy mobil sèlman si paran yo siyen fòm ki endike preferans yo pou sa kèlkeswa repons sondaj la. Repons sondaj la enpòtan paske li ede distri a idantifye kantite aparèy li ap bezwen pou prete nan chak lekòl. Si pitit ou a resevwa yon aparèy mobil distri a bay, li dwe suiv machasuiv ak règ distri a ki dekri nan akò konsènan aparèy mobil la.

Silvouplè voye paj akseptasyon ou fin siyen an bay lekòl la pa pita pase vandredi 13 mas 2020.

Sensèman,

APPENDIX D: MOBILE DEVICE SURVEY

(Mobile Device Survey will be posted in English, Spanish, and Haitian Creole.)
On rare occasions, it may be necessary to close one or more schools due to weather or other emergency situations. If this occurs, the District will make every effort to ensure that our students’ educational opportunities continue while at home. Throughout the years, the District has compiled a comprehensive collection of online content and digital resources to ensure that students can continue their learning without interruption. To complement the collection of digital tools, the District also makes available mobile devices for students to check out for home use.

As part of the District’s Emergency Preparedness procedures, we need to gather information regarding which students may need to check out a mobile device for use at home during the time their schools are closed. The District is requesting that you complete the following survey regarding your child’s technology needs. The information gathered from your responses will help us determine our students’ technology needs at home and will assist in our emergency preparedness efforts.

1. Enter your child's student identification number.

2. Does your child have access to one or more computers at home to complete assignments?
   a. Yes, my child has access to a personal computer/mobile device at home.
   b. Yes, my child currently has a district-issued mobile device to use at home.
   c. No, my child does not have access to a device or at home.

3. Would like your child to check out a district-issued mobile device for use at home?

ENCUESTA PARA PADRES DE FAMILIA SOBRE DISPOSITIVOS MÓVILES EN PREPARACIÓN PARA EMERGENCIAS

En raras ocasiones, puede ser necesario cerrar una o más escuelas debido al clima u otras situaciones de emergencia. Si sucediera lo dicho, el Distrito hará todo lo posible para asegurar que las oportunidades educacionales de nuestros hijos continúen sin interrupciones mientras que estén en sus hogares. A lo largo de los años, el Distrito ha compilado una colección integral de contenido en línea y recursos digitales para asegurar que los estudiantes puedan continuar su aprendizaje sin interrupción. Para complementar la colección de herramientas digitales, el Distrito también tiene a su disposición dispositivos móviles para que los estudiantes puedan pedirlos prestados para usar en el hogar. Como parte de los Procedimientos de Preparación para Emergencias del Distrito (District's Emergency Preparedness procedures), necesitamos recopilar información sobre cuales estudiantes pudieran necesitar pedir prestado un dispositivo móvil para utilizar en su hogar durante el tiempo que estén cerradas sus escuelas. El Distrito solicita que por favor, llenen la siguiente encuesta sobre las necesidades tecnológicas de sus hijos. La información recopilada de sus respuestas nos ayudará a determinar las necesidades tecnológicas de nuestros estudiantes en el hogar y asistirá a nuestros esfuerzos de preparación para emergencias.

Non-Discrimination Policy

The School Board of Miami-Dade County, Florida adheres to a policy of nondiscrimination in employment and educational programs/activities and strives affirmatively to provide equal opportunity for all as required by:

Title VI of the Civil Rights Act of 1964 - prohibits discrimination on the basis of race, color, religion, or national origin.

Title VII of the Civil Rights Act of 1964 as amended - prohibits discrimination in employment on the basis of race, color, religion, gender, or national origin.

Title IX of the Education Amendments of 1972 - prohibits discrimination on the basis of gender.

Age Discrimination in Employment Act of 1967 (ADEA) as amended - prohibits discrimination on the basis of age with respect to individuals who are at least 40.

The Equal Pay Act of 1963 as amended - prohibits gender discrimination in payment of wages to women and men performing substantially equal work in the same establishment.

Section 504 of the Rehabilitation Act of 1973 - prohibits discrimination against the disabled.

Americans with Disabilities Act of 1990 (ADA) - prohibits discrimination against individuals with disabilities in employment, public service, public accommodations and telecommunications.

The Family and Medical Leave Act of 1993 (FMLA) - requires covered employers to provide up to 12 weeks of unpaid, job-protected leave to “eligible” employees for certain family and medical reasons.

The Pregnancy Discrimination Act of 1978 - prohibits discrimination in employment on the basis of pregnancy, childbirth, or related medical conditions.

Florida Educational Equity Act (FEEA) - prohibits discrimination on the basis of race, gender, national origin, marital status, or handicap against a student or employee.

Florida Civil Rights Act of 1992 - secures for all individuals within the state freedom from discrimination because of race, color, religion, sex, national origin, age, handicap, or marital status.

Title II of the Genetic Information Nondiscrimination Act of 2008 (GINA) - Prohibits discrimination against employees or applicants because of genetic information.

Veterans are provided re-employment rights in accordance with P.L. 93-508 (Federal Law) and Section 295.07 (Florida Statutes), which stipulate categorical preferences for employment.

In Addition:
School Board Policies 1362, 3362, 4362, and 5517 - Prohibit harassment and/or discrimination against students, employees, or applicants on the basis of sex, race, color, ethnic or national origin, religion, marital status, disability, genetic information, age, political beliefs, sexual orientation, gender, gender identification, social and family background, linguistic preference, pregnancy, and any other legally prohibited basis. Retaliation for engaging in a protected activity is also prohibited.
