

# Schoolology Roles and Permissions Administrators Guide

---

To facilitate the administration and management of the Schoology Learning Management System, the Principal or District-level AAAA administrator may assign additional roles to staff. Roles automatically provisioned by ITS require no action. All other roles may be provisioned using AAAA at the discretion of the site AAAA administrator.

*Please configure permissions as follows:*

Role Description	ROLES							
	LMS0	LMS1	LMS2	LMS3	LMS4	LMS6	Teacher	Student
Auto-provisioned by the District	✓						✓	✓
May be provisioned by the District AAAA Administrator	  							
May be provisioned by the School-site AAAA Administrator	  							

 = Provisioned by ITS

 = Assigned by District AAAA Administrator

 = Assigned by School Administrator
