All children who have attained the age of six (6) years or who will have attained the age of six (6) years by February 1st of any school year or who are older than six (6) years of age but have not attained the age of sixteen (16) years, except as otherwise provided in Florida law, are required to attend school regularly during the entire school term. All children enrolling in a District school shall meet the immunization requirements in F.S. 1003.22 and provide evidence of a physical exam. The person enrolling the student shall report in person to the school to enroll their school age child.

A child who attains the age of sixteen (16) during the school year is not subject to compulsory school attendance beyond the date upon which s/he attains that age if the child files a formal declaration of intent to terminate school enrollment with the School Board. The declaration must acknowledge that terminating school enrollment is likely to reduce the student's earning potential and must be signed by the child. The District must notify the parent of the child's declaration of intent to terminate school enrollment.

Kindergarten

Any child who will have attained the age of five (5) years on or before September 1st of the school year shall be eligible to enroll in kindergarten at any time during the year.

A transferring kindergarten student is eligible to be enrolled in the District if the entrance age requirements have been met outside Florida and the child had been regularly enrolled there.

A child must be five (5) years old on or before September 1st, in order to meet the Florida age requirement for kindergarten. A child under age six (6) who is enrolled in kindergarten will be considered of compulsory school age.

A transferring first grade student is eligible to be enrolled in the District if the entrance-age requirements have been met outside Florida and the child had been regularly enrolled there.

Children entering first grade in the District for the first time must comply with F.S. 1003.21. Any child who has attained the age of six (6) years on or before September 1st of the school year and who has been enrolled in a public school or who has attained the age of six (6) years on or before September 1st and has satisfactorily completed the requirements for kindergarten in a non-

public school, or who otherwise meets the criteria for admission or transfer in a manner similar to that applicable to other grades, shall progress according to the District's Student Progression Plan (Policy 5410).

Initial Entry

Every child initially entering a District school must prove age by an authentic document issued by a governmental agency. The school should attempt to verify age at the time of spring registration. State law (F.S. 1003.21) specifies the evidence which may be used for this purpose and also indicates that if the first prescribed evidence is not available, the next evidence obtainable in the order below shall be accepted:

- A. a duly attested transcript of the child's birth record filed according to law with a public officer charged with the duty of recording births;
- B. a duly attested transcript of a certificate of baptism showing the date of birth and place of baptism of the child, accompanied by an affidavit sworn to by the parent;
- C. an insurance policy on the child's life which has been in force for at least two (2) years;
- D. a bona fide contemporary Bible record of the child's birth accompanied by an affidavit sworn to by the parent;
- E. a passport or certificate of arrival in the United States showing the age of the child;
- F. a transcript of record of age shown in the child's school record of at least four (4) years prior to application, stating date of birth; or
- G. if none of this evidence can be produced, an affidavit of age sworn to by the parent, accompanied by a certificate of age signed by a public health officer or by a public school physician, or, if neither of these is available in the county, by a licensed practicing physician designated by the Board, which certificate shall state that the health officer or physician has examined the child and believes that the age as stated in the affidavit is substantially correct.
- H. Children entering the District for the first time must comply with F.S. 1003.21 and with the District's Student Progression Plan (Policy 5410). Students must have an immunization record on file at the school. Any student who does not have the proper immunization shall be temporarily excluded from attendance until compliance has been documented.
- I. Upon a child's initial entry to a District school, the principal shall require evidence of a physical examination performed within one (1) year prior to the date of entry. An appointment for a physical examination by a county health officer, licensed physician, or chiropractor may be accepted provided the principal is given evidence of the physical examination within one (1) week of such examination. Students transferring into the District from a school within the State of Florida who have completed physical examination form as part of their school record need not be re-examined. Examinations taken out-of-state may be accepted if performed within one (1) year of entry and include documentation and reported on the official forms of the physician.
- J. A child may be exempt from the required physical examination and/or immunization upon written request of the parent or guardian of such child stating objection to examination and/or immunization on religious grounds or for medical reasons certified by a competent medical authority.

Proof of Age

If acceptable proof of age is not presented when the child first seeks admission, the principal should enroll the student temporarily and give the parent thirty (30) calendar days to secure proper proof.

Birth Certificate

The Division of Attendance Services will supply appropriate forms for making application for a birth certificate. Some parents may need help from school personnel in completing these applications. Providing such assistance will enable the school to be sure that the proper procedure has been followed. Original copies of birth certificates usually have an embossed seal imprinted on them. All photostatic copies not bearing this seal should be carefully evaluated to determine authenticity.

If questions arise which the school cannot answer regarding birth certificates, the principal should call the appropriate region director.

Student Disclosures

Each student at the time of initial registration for school shall note previous school expulsions, arrests resulting in a charge, juvenile justice actions, and any corresponding referral to mental health services by a school district that the student previously

attended.

Verification of Residence

Verification of a parent's residence via a Statement of Bonafide Residence - FM-7444 shall be required at the time the child registers in a District school. Verification of residence may also be required at any other time at the discretion of the Superintendent. The student shall reside with the parent placing the student in the attendance area of the school.

In addition, submission of two (2) of the following items are required:

- A. broker's or attorney's statement of parents' purchase of residence, or properly executed lease agreement;
- B. current Homestead Exemption card;
- C. electric deposit payment receipt or electric bill, bottom portion, showing name and service address.

If verification is not provided or acceptable, the Superintendent may verify the student's residence.

If an electric deposit payment receipt is used as verification, the electric bill, bottom portion, must also be submitted to the school within forty (40) calendar days after registration. If the parent is unable to furnish the school with the requested electric deposit payment receipt, the student will be allowed to enroll in the new school, but must submit the electric bill, bottom portion, to the school within forty (40) calendar days.

When a change of family residence occurs after ninety (90) school days in which a student is enrolled in a school which would place the student in a different attendance area, the student, upon the request of the parent, may complete the year in the present school. No transportation will be provided.

When a change of family residence occurs after ninety (90) days in which a student is enrolled in grades 11 through 12, or is enrolled in the last grade offered at a school, which would place the student in a different attendance area, the student, upon the request of the parent, may remain in the present school through graduation (for grades 11 through 12), or the last grade offered at the school. No transportation will be provided.

The Board authorizes the Superintendent to create, generate, communicate, store, process, use, and rely upon electronic signatures from a parent. District staff and parents shall comply with all the provisions of F.S. 668.50 regarding electronic records and electronic signatures.

Anyone who knowingly makes a false statement in writing with the intent to mislead a public servant in the performance of his/her official duty is guilty of a second-degree misdemeanor of the second degree under F.S. 837.06. In addition, anyone who knowingly makes a false verified declaration is guilty of perjury, a third-degree felony under F.S. 95.525.
